(3) The candidate is no doubt a very promising young man. It would however be embarrassing to admit the right of rejected candidates to traverse the Med. Board's opinion by means of adverse opinions of outsiders.

(4) There is perhaps no harm in our asking our Medical Officers to reconsider their opinions in the light of these verdicts. If this is agreed upon, it would be best to allow him to appear provisionally subject to our Medical Bd's final verdict.

Submitted to His Highness.

5 (1) Mr. A.N. Raghavachar, M.A. (Mathematics), one of the candidates for the Mysore Civil Service Examination of 1913, was declared by the Medical Board to be physically unfit on account of "defective vision which cannot be brought up to the standard even by glasses", and his application had consequently to be rejected.

(2.) He has now submitted a memorial to Government, in which he presumes that he has been declared unfit in all probability on account of his eye sight and states that he is however able to read without glasses. He has enclosed a medical certificate from Captain Gray, Acting Superintendent, Government Ophthalmic Hospital, Madras, which shows that he is suffering from Myopia and that "his vision can be brought up to normal with glasses". He has also enclosed another certificate of general medical fitness from Lt. Col.Giffard, Madras. He prays that in the circumstances and also in consideration of his educational qualifications he may be allowed to appear for the examination to be held in November.

(3.) The First Councillor states that the candidate is no doubt a very promising young man, that it would however be embarrassing to admit the right of rejected candidates to traverse the Medical Board's opinion by means of adverse opinions of outsiders and that there is perhaps no harm in our asking our Medical officers to reconsider their opinions in the light of these verdicts. He adds that, if this is agreed upon, it would be best to allow him to appear provisionally subject to our Medical Board's final verdict.

(4.) I have informally consulted the Second Councillor

in the matter.

(5.) My chief reason is, and the Second Councillor also agrees with me, that it would be a pity to lose the chance of securing for the service so promising a young man and that in this view, he may be given an opportunity of appearing for the examination in November. He has stood first in the M.A. Examination (Second class). There are also many cases in which young men suffering from Myopia have nevertheless turned out very efficient officers.

(6.) If he comes out successful, he may be taken into the service on condition that his eye sight continues to be satisfactory, failing which, he will render himself liable to be removed altogether.

(7.) I solicit His Highness's sanction to the above arrangements.
